## शिक्षा और संस्कार

शिक्षा का क्षेत्र इतना व्यापक है ह्य फैला हुआ है कि जीवन का हर पहलू कहींकहीं इससे जुड़ा हुआ प्रतीत होता है। इसीकारण बड़े बड़े विद्वान अपने विचारों और कार्यों में शिक्षा और शैक्षिक संस्थानों (Educational institutions) को महत्वपूर्ण स्थान देते हैं।

विद्वानों के विचारों को शिक्षा में ढालने की जिम्मेदारी शिक्षकों की होती है। शिक्षक वह कड़ी है जो विद्वानों के विचारों को विद्यार्थियों से जोड़ती है। इसीकारण शिक्षक शिक्षा कार्यक्रमों से हम सभी की बहुत आशाएं होती हैं।

शिक्षा के विभिन्न पहलू ओं पर जब चर्चा होती है। तब कई मंचों से एक स्वर सुनाई पड़ता है जिसे मूल्य शिक्षा (value Education) या मूल्यों की शिक्षा (values) की बात की जाती है। इस बात पर सभी बुद्धिमान लोग सहमत हैं कि हमारी स्कूलों शिक्षा में मानवीय मूल्यों को उपर्युक्त स्थान दिया जाना चाहिए। “स्कूल चले हम” का सपना साकार हो रहा है। विद्यार्थी अपनी योग्यता प्रतिभाक्षमता द्वारा शिक्षा अर्जित कर उच्चपदों पर आसीन हो रहे हैं। देश का स्वर्णिम भविष्य दिखाई पड़ रहा है। साक्षरता का सपना “चलों पढ़ाएँ कुछ कर दिखाएँ” सच होता जान पड़ रहा है। शिक्षा संस्कार देती है। यह स्वयं में मूल्य देती है। हम जिसे सम्मान देते हैं महत्वपूर्ण समझते हैं वही मूल्य है। उच्च मूल्य व्यक्ति को आदर्श नागरिक बनाते हैं और उसके व्यक्तित्व निर्माण में महत्वपूर्ण भूमिका निभाते हैं। इसलिए जिस शिक्षा के जितने उच्चमूल्य होंगे वह उतनी सुदृढ़ भावी पीढ़ी का निर्माण करेगी। नैतिक मूल्यों के कारण ही व्यक्ति महान बन सकता है। अंगुलीमाल संत कबीर महात्मा गाँधी मदर टेरेसा इन्हीं के सटीक उदाहरण हैं।

विद्यालयी शिक्षा से विश्वविद्यालय स्तर की शिक्षा प्रदान करनेवाली सभी संस्थाओं की यह जिम्मेदारी है कि विद्यालयों में मानवीय मूल्यों का आत्मसात कराएँ। शिक्षा का उद्देश्य सामाजिक दायित्व है। इसलिए जब तक यह जागृत व्यक्ति में मानवीय मूल्यों और सामाजिक कार्यों को करने के लिए उत्साहित करेगी। हमारा समाज सुगठित होगा। शिक्षा में मूल्य परकता के द्वारा हम ऐसी पीढ़ी तैयार कर सकते हैं जो भाग्यवादी और अवसरवादी नहीं होकर निडर हो भ्रष्टाचार और अकर्मण्यता के विरुद्ध आवाज उठा सके। जातिवर्ग संप्रदाय से ऊपर उठ राष्ट्रीय चरित्र का निर्माण कर सक। परिवार बालक की प्रथम पाठशाला है। यदि बचपन से ही माता पिता का संस्कार पूर्ण मूल्यवादी परिवेश संतान को मिलता है तो वह संस्कारों से भरा मानव बन सकता है। इसके अलावा शिक्षक पढ़ाने के साथ साथ अपने विश्वास सोच और मूल्यों को छात्रों के सामने आदर्श रूप में प्रस्तुत करता है। जिससे विद्यार्थियों में शिक्षा के साथ साथ अच्छे संस्कार भी विकसित होते हैं। विद्यार्थियों की जिज्ञासा ज्ञान की पिपासा शिक्षकों को लगातार कर्मशील रखती है। उनकी जिज्ञासा को शांत कर उन्हें अनुशासित बनाती है। आज के विद्यार्थी ही भविष्य में जिम्मेदार नागरिक बनाते हैं। शिक्षक जो उनके मार्गदर्शन होते हैं। वे न केवल समाज की सहायता करते हैं बल्कि विश्व को अच्छा रहने योग्य स्थल बनाते हैं। इन सभी बिंदुओं को ध्यान में रखते हुए मेरा विचार है कि शिक्षामूल्य और संस्कार हर व्यक्ति के जीवन में बहुत आवश्यक हैं क्योंकि ये केवल हमारे व्यक्तित्व का विकास करते हैं वरन् जीवन प्रति नवीन दृष्टिकोण प्रदान कर हमें जीना सिखाते हैं। बिना शिक्षा एवं संस्कारों के हमारा शरीर बिना प्राणों के निर्जीव जान पड़ता है। इसी आशा और शुभकामनाओं सहित मैं पाठकों को अपना यह लेख समर्पित करती हूँ।

## Butterflies

These small little creatures,  
So beautiful and bright,  
With wings full of colours,  
Don't be afraid..they don't bite !

They help flowers in pollination,  
They help them to grow,  
The world would be a boring  
place,  
If they were to go !

They are very delicate,  
Some small and some tall,  
These butterflies are the best,  
And I love them all !

## "Never Judge A Book By It's Cover"

"Beauty is not what we see on the face, it is a light in our heart!"  
We live in a materialistic world, where we get to see all kinds of lifestyles, some people who look innocent can be very unpleasant and necessarily the ones who don't have a good personality are always bad.

Today I will be sharing a short story which will touch your souls.  
One bright summer day my friends and I were happily playing in the garden and enjoying our free time, Suddenly a girl approached us and politely asked if she could join in the game, She was short with oily hair. Her attire was of an average middle class girls. We found her very strange and refused to play with the girl.

While running towards my friend during the game I fell down and hurt my ankle, all my friends were baffled and didn't understand how to help me .While this was happening the same strange girl came up to me and tied her handkerchief to my bleeding ankle. We were deeply taken a back for her kind gesture. I thanked her and eventually we introduced ourselves to each other, including my group of friends, her name was Tasmia. Later Tasmia and my friends dropped me to my house. Since then Tasmia and I are best of friends, now I have found the moon which has made its place between the stars. This friend of mine is not at all judgemental and I believe her more than myself.

I thank God for introducing me to this very honest person who's come into my life like a soul sister and we both share a very beautiful bond and hope we remain good friends forever.

"Do not judge by appearance,  
A rich heart may be under a poor coat "!!

Friendship is a relationship between two or more people who like, Trust and understand each other feelings. It is the most valuable relationship in a persons life. A person is lonely without a true friend, hence a person is known lucky to have a true friend. A true friend is like family with whom we can share our good or bad moments, secrets and high and high

## Trees

Trees are green,

They give us fruit,

They give us vegetable

and give us all we need .

Then why are people cutting trees?

They help us but,

In return all we give them, are harmful gases.

Oh God! Help us

Don't let nature go underground.

How in the future

Will we show it to our children?

Don't they have the right?

To see the beauty of nature?

So let's start a new mission

Of keeping the world green

And keeping the world clean.
